

REMARKS

By this present amendment, and further to the telephone conversations with Examiner Darno on February 7 and 10, 2011, to discuss proposed amendments to the pending claims, Applicant amends claims 69, 70, 73, 81, and 82 to improve form, and adds new claims 86-105. No new matter has been added by way of the present amendment. Claims 61, 62, 65-74, and 76-105 are now pending in this application.

Claims 86-95 recite features similar to claims 61, 62, and 65-73 which the Examiner has indicated are allowed. Claims 96-105 recite features similar to claims 73, 74, and 76-84 which the Examiner has indicated are allowed. Accordingly, Applicant respectfully submits that new claims 86-105 are in condition for immediate allowance.

In view of the foregoing amendments and remarks, and because no other issue remains, Applicant respectfully requests the Examiner's reconsideration of this application, and the timely allowance of pending claims 61, 62, 65-74, and 76-105.

While the present application is now believed to be in condition for allowance, should the Examiner find some issue to remain unresolved, or should any new issues arise which could be eliminated through discussions with Applicants' representative, then the Examiner is invited to contact the undersigned by telephone in order to expedite prosecution of this application.

To the extent necessary, a petition for an extension of time under 37 C.F.R. § 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account No. 50-1070, and please credit any excess fees to such deposit account.

Respectfully submitted,
